## Connecting with employers

Our team can connect you to a wide range of employers, we also provide up-to-date information about the labour market and what employers are looking for in our students and

graduates. When you use MyHub to search for vacancies make sure you check the employer information – this is where we record any specific hints / tips or “extra” information about their recruitment and selection processes. You can do this when you look at [individual vacancies](#), or when you are [researching](#) particular companies or organisations.

We have an active calendar of employer events on campus throughout the academic year. These include our Annual Careers Fair and a number of smaller sector-specific careers events that focus on a particular industry. You can also meet employers at information stands, presentations and our new Spotlight On series. For full event listings and information check our [What's On](#) page and the [MyHub events](#) section.
